

## Introducing the TACE Centers

Regional Technical Assistance and Continuing Education (TACE) Centers provide technical support and continuing education programs to state vocational rehabilitation (VR) agencies and their partners. The Centers are VR's resource for current, reliable information on quality management practices, service delivery and vocational rehabilitation skill sets. The Centers have the resources of the entire TA Network to help each agency improve its organizational performance and ultimately improve employment outcomes for consumers with disabilities.

For more information on current or planned activities in a federal region, contact the TACE Centers as follows:
